

Jabra Engage Series wireless headsets Engineered to be the world's most powerful professional wireless headsets*

The **Jabra Engage Series** is an entirely new class of DECT wireless professional headsets engineered to boost customer satisfaction.

Industry-leading professional wireless performance. Better customer connections.

Provides superior wireless connectivity to a range of up to 150m/490ft. Enables up to 3x more users to operate in the same office space – with no loss in connection quality.¹

Crystal-clear calls. Enhance the customer experience.

Advanced noise-cancelling microphone and enhanced speakers deliver crystal-clear calls even in noisy offices. Meets Skype for Business Open Office requirements.²

More talk time, less interruption. Increase productivity.

Up to 13 hours talk time³ and a busylight that acts as a do-not-disturb sign for colleagues.

Any call, from any device. Increase availability for calls.

Connect to up to five devices² simultaneously, increasing your team's availability for customer calls. Can connect to 2 USB devices (softphone and/or desk phone⁴), 2 Bluetooth® devices and 1 analog desk phone.

Choice of wearing styles. Support different workstyles.

With a choice of stereo, mono and lightest-in-category convertible models, there's a Jabra Engage for everyone.

Rich call analytics.¹

Drive customer satisfaction with data driven decisions.

* Relates to Jabra Engage 75/65 Stereo and Mono variants. February 19, 2018. See facts on Jabra.com/commercial-claims

Getting started

Connect to power

First, connect the desk phone and PC cables to the base. For information on your specific phone, refer to <http://www.jabra.com/compatibilityguide>

Then plug the base into a power supply, and then scroll to the Setup Wizard in the menu (Engage 75) or follow the voice-guided menu to get connected.
