

Vertical Edge 9000 Series Phones

Get the most out of your Vertical Summit™ with the ergonomically designed Edge 9000 Series digital desktop phones. Sleek, sophisticated and simple to set up and use, these full duplex phones provide clear, high quality voice sound, intuitive navigation and one-touch access to the Summit system features you use most. Both the 8- and 30-button models also feature LCD interfaces for “at a glance” call information display, call logs, self-labeling keys and simplified administration.

Edge 9000 30-Button Digital Phone

- 3 line backlit LCD for high visibility
- 7 flexible buttons
- 30 programmable buttons
- 3 soft keys
- Wall mountable
- More extension handling with optional DSS
- Enhanced high quality conference calling
- Flexible desktop configuration options via tilting handset

Edge 9000 8-Button Digital Phone

- 2 line LCD
- 7 flexible buttons
- 8 programmable buttons
- Wall mountable
- Enhanced high quality conference calling
- Flexible desktop configuration options via tilting handset

Customize and expand the features and flexibility of your Edge 9000 30-button phone with the optional Edge 9000 48-Button Direct Station Selection (DSS) console. Increase productivity and efficiency of call handling with 48 additional programmable buttons for assigning direct extensions, speed dialing frequently called numbers and automatic access to more Summit system features.

Edge 9000 48-Button DSS
