

Jabra Motion Series

The only headset you'll ever need

The Jabra Motion series lets you focus on the conversation, not technology, with intuitive features that adapt to your environment and movement. Connect to all of your phones using one headset and transfer calls between phones as you head out of the door. Roam up to 100m/300ft and enjoy all-day talk time with exceptional call quality and comfort.

One headset for all your phones

Featuring multiple-phone connectivity, you can stay connected to all your phones using the same headset. Transfer calls from your desk phone or VoIP softphone to your mobile, and continue conversations as you head out of the door.

Easy and intuitive call control

Built-in sensors ensure you never miss a call. When picked up, the headset automatically answers incoming calls and intuitively adjusts the volume to suit your surroundings. Answer calls using voice commands.

Superior call quality and all-day talk time

Experience crystal-clear call quality wherever you are - even in noisy, windy environments. The intuitive 'Power Nap' mode makes the headset power down when not in use to give you more talk time.

Custom fit for optimal comfort

The unique design enables you to modify the height of the adjustable speaker arm for maximum comfort. Plus, three eargel tips are included for a perfect fit.

World-class wireless range

Why stay fixed to your desk when you can have the freedom to move in and outside of the office? With a wireless range of up to 100m/300ft from your phone, you don't need to put a call on hold when you leave your desk.

Jabra Motion Series product benefits

Busylight

Avoid call interruptions with the busylight indicator

Jabra busylight helps you to cope with open office environment challenges and lets people clearly know you are on the phone. The indicator turns red when you are on a call and keeps you from being interrupted.

Tap-To-Connect

Connects devices with a simple touch

Near Field Communication technology (NFC) makes it easy for your Jabra device to instantly connect and interact with phones, tablets, and interactive tags. It requires no more than a simple touch. Just tap the phone and the Jabra device together and you are ready to talk or stream your music.

Call Assist

Call Assist lets you take a call without a click

Jabra's intelligent Call Assist lets you take a call without a click. Built in Motion Sensor technology turns the headset on when you pick it up or touch it, and automatically answers the call when you place it on your ear. If you are already wearing the headset, you can accept or reject a call using just your voice.

Voice Controls

Be notified and take control with your voice

Jabra Voice Controls cover both Voice Commands and Voice Guidance functionalities. With Voice Commands, you can answer/reject a call, play music, call back, and so on. Your own words control your device. Voice Guidance verbally notifies you of crucial status updates, such as connectivity and low battery.

HD Voice – Wideband Audio

High quality audio for crystal-clear conversations

Enjoy high-definition sound with HD Voice and get crystal-clear, intelligible communication. You get life-like, vibrant conversations where you can focus on the content and don't have to struggle to understand what the person on the other end of the line is saying.

Wind Noise Protection

Block intrusive wind noise

Wind Noise Protection enables you to keep the thread of your conversation in open air environments without any interference. Walk, bike, run, work outside and talk with no need to raise your voice or shout to be heard.

HiFi Audio Streaming

Stream music, podcasts and GPS directions

Jabra Bluetooth® devices featuring A2DP allow you to stream music, podcasts, and even GPS directions in HiFi quality to give you an enhanced sound experience.

8-Hour Battery Life

Talk up to 8 hours with no battery life concerns

A wireless audio device would not be a useful tool without an incredible battery life. Even with so much performance packed into such a small space, it still lasts up to 8 hours on a single charge. Allowing you to talk and work, as long as you want.

Intelligent Volume Control

Adjusts call volume automatically

With Jabra Intelligent Volume Control, you are now free from touching the volume control. The audio level adapts automatically to the interference noise around you, allowing you to hear what is being said wherever you are.

Jabra Connect

Customize your headset and control your devices

The Jabra Connect app interacts actively with your headset and lets you customize your user experience to suit your preferences, as well as control your calls on multiple devices.

Jabra Software Applications

Easy device configuration and softphone integration

Customize and control your audio device settings with Jabra's software applications. You get full integration and remote call control for the latest generation of softphones.

Noise Blackout™

Eliminate background noise interference

Jabra Noise Blackout™ technology eliminates disturbing background noise such as wind, surrounding conversations or traffic, to enhance your voice. Now talk freely without raising your voice excessively.

Multi-device Connectivity

Manage all your calls from a single headset

Multi-device connectivity technology lets you manage phone calls from several different devices such as desk phones, tablets, PCs and smartphones, with a single headset. You get greater flexibility and an enhanced user experience.

PeakStop™

Safe sound and superior hearing protection

PeakStop™ technology immediately removes potentially harmful loud sounds or tones before they reach your ears, and keeps the sound level within a safe range to protect your hearing.

Remote Asset Management

Remote mass deployment and device management

Configure and implement the company's audio devices 100% remotely from one central point. You get the latest features and functionalities in one go with Jabra Xpress, a web-based solution. You can also get a complete overview of all Jabra audio devices installed in the IT network with Jabra Xpress' asset management component.

Power Nap Mode

Automatically enters power nap mode

With Jabra Power Nap Mode, you can now leave your headset in the car or on your desk for days and still have it ready when you are. Your device automatically goes into sleeping mode when inactive. A great power management feature that gives you more talk-time and less charging.

UC Plug-And-Play

Plug-and-Play with all leading UC platforms

Jabra devices feature intuitive call control and seamless connection to all leading UC applications and softphones. They are easy to set up and easy to use, leaving you free from any installation expertise or extensive training requirement.

SafeTone™

Enhanced hearing protection

Jabra SafeTone™ includes Jabra PeakStop™ and Jabra IntelliTone™, our enhanced hearing protection technology. Benefit from clear, crisp and automatic limitation of average volume exposure during your workday according to acoustic standards and regulations. A feature that offers you significant confidence, safety and comfort while enhancing the quality of your communication.

Up to 100 Meter/300 Feet Wireless Freedom

Hands-free communication up to 100 meters/300 feet

Featuring Bluetooth® Class 1, your Jabra device enables you to connect to a vast range of devices, from smart phones and tablets, to laptop computers. You get wireless mobility up to 100 meters/300 feet, giving you full control of your hands-free Jabra voice solutions. Now you can call and multitask on your own terms.

Smartphone & Tablet Ready

Ready for use with the latest smartphones/tablets

Your Jabra device is designed with future-ready technology to be fully compatible with the latest smartphones and tablets on the market.

Jabra Motion Office

Hot Desking

Empower mobile workers with a flexible office environment

Save time, money and office space, and give mobile employees a more flexible work environment. Jabra Motion Office enables multiple employees to use the same office space at different times. Just plug in your headset to any Jabra Motion Office base, and you're ready to work.
