Vertical Vodavi
STARPLUS 2800 Series
Phones

Vertical Vodavi STARPLUS 2800 Series phones offer affordable one- and two-line phones for hotels, resorts, college campuses, government agencies – virtually any business needing flexible, reliable handsets to complement their business communications system. The STARPLUS 2800 Series' open platform makes all three models compatible with nearly any PBX, key telephone system, or Centrex service.

All three 2800 models are FCC registered, and both hearing aid and American Disability Act (ADA) compliant. Standard features include a handset volume button, data jack, message waiting light, redial button, flash button and ringer control. Easy to install and maintain, STARPLUS 2800 phones are available in black or off-white, come with a 5-year manufacturer's warranty, and can be easily customized with DESI© telephone labels and custom-printed underlays.

Cost-effective Single-line Phones

STARPLUS 2801 Phone

The STARPLUS 2801 is a cost-effective, single-line phone featuring a data port, message wait lamp, flash button, redial button, adjustable handset volume button and off/high/low ringer adjustment.

The STARPLUS 2802 comes with these features, plus speakerphone with mute capability, speaker volume control hold button and 10 programmable buttons to customize your calling experience.

STARPLUS 2802 Phone

Special Features for the Hospitality Industry

The STARPLUS 2803 is the perfect guest room phone when deploying Vertical's MBX IP hospitality package. A two-line speakerphone, the 2803 gives you all the features and functionality of STARPLUS single-line phones, plus the ability to simultaneously send and receive voice and data calls. Designed especially for hotel, motel and resort implementations, it also offers:

• 24-hour memory retention for pre-installation programming
• Battery for prolonged pre-installation memory retention
• Recessed high/low ringer, flash and tone/pulse switches to prevent inadvertent guest operation, plus a hidden programming button

STARPLUS 2803 Phone
